

Central South Carolina Habitat for Humanity
Building little and big houses

SPONSOR A PLAYHOUSE TODAY!

Project Play House is a program designed to teach children the pride and joy of homeownership! Gather a team of 5-10 volunteers to build and decorate a playhouse for the children of our Habitat and Neighborhood Revitalization homeowners.

How does it work?

Each playhouse is a pre-cut kit that will take 6-8 hours to build and paint with the help of 5-10 volunteers. Volunteers will assemble the sides, door, windows, and trim, construct the roof and paint the completed structure.

Will we get to give the house to the child(ren)?

Yes, of course! At the end of the build day, teams will present their completed playhouse to the children.

What if we just want to sponsor, but not build?

That's fine! While we would love for your team to come out, we understand that is not always possible. We will work with other volunteers to fill the spots.

What's the cost and why?

Cost is \$3,000 per team. All proceeds from Project Play House will help build big and little houses across the Midlands.
